Oracle Health EHR Services

Certified healthcare experts with IT and operations experience

BEST IN KLAS® HIT IMPLEMENTATION LEADERSHIP (LARGE) 2020

A certified and strategic consulting partner of Oracle Health, Impact Advisors has led and/or supported **over 100 highly successful EHR and ERP implementations**. By skillfully planning and executing projects, integrating clinical, revenue cycle and operational workflows, and incorporating industry best practices and lessons learned, **we help clients obtain greater value from their system investments**.

Our proven methodology works within but also enhances the Oracle Health framework – broadening the focus to include our clients' clinical and revenue cycle systems strategies, current environment, and business objectives.

We offer the **complete continuum of Oracle Health EHR services,** including:

◄ **IMPACT ADVISORS** is proud of our industry-leading reputation for excellent service quality and top-notch talent. We've helped dozens of notable healthcare organizations by providing both leadership and build expertise—work that has earned us three Best in KLAS® HIT Enterprise Implementation Leadership awards, six Best Overall IT Services Firm awards, and high scores in several categories, including HIT Staffing.
